FREE online end of life/palliative care education for Healthcare Professionals

As we continue to face this unprecedented situation, we will all have to talk more about dying and end of life care. To help support you through the COVID-19 crisis and beyond, we are running a series of FREE online educational sessions for Healthcare Professionals.

- Bite size learning (40-60 minute sessions)
- Delivered by Palliative Care experts via MS Teams
- Rolling schedule of training, covering a range of information topics
- Free to join

Curriculum: July - August 2020
