

Much Wenlock and Cressage Medical Practice, is a semi-rural practice based in Shropshire. We are looking to recruit enthusiastic, caring and highly motivated salaried GP's to join our team.

We are a friendly, supportive and progressive practice, with a diverse clinical team consisting of 5 partners and 2 salaried GPs working alongside nurses, HCA's, dispensers and an administration team dedicated to giving the best possible holistic care to our local community.

The Practice

We are a member practice of Our Health Partnership, the largest GP partnership in the UK.

We have a patient population of 8,100 and are based over 2 sites, one of which is dispensing.

We are a forward-thinking training practice with strong links to Keele Medical School; our trainees include medical students, nursing students, GP registrars and FY's.

Our partners have special interests in Minor surgery, Women's Health, including full family planning, Palliative Care, Dementia, Medical Education, ENT and MSK.

Our clinical system is EMIS Web. We are high QOF achievers with a CQC Rating of Good.

We provide care to local residential and nursing homes and also provide a weekly GP clinic to a boarding college for international students.

We strongly support and encourage the development of our staff.

The Role

We currently have 2 positions available: 1 x 5 sessions; 1 x 6 sessions

The successful candidates will provide the full range of NHS Primary Medical Services to our patients including duty doctor sessions, telephone/face to face appointments, electronic consultations, home visits and relevant administrative work over 5/6 sessions per week. The

weekly sessions may at some point in the future include weekend or extended hours work.

We have implemented a workflow management system to reduce the administrative pressure on our clinicians.

We encourage and support the development of special interests in our clinical team.

Terms and conditions will be based on the BMA model contract. Salary scale dependent upon experience.
